INTEGRATIVE REIKI ENERGY TRAINING: LEVEL II

with Dr. B. Raven Lee and Andrea-Marie Stark

Reiki, which means universal healing energy, was first taught by Dr. Usui in the early 20th century. Integrative Reiki Energy Training Level II incorporates ancient shamanic wisdom, science-based energy healing, and Reiki II symbols. In addition to learning Reiki symbols for healing, participants will also practice cleansing, protection, and deepen the use of a pendulum to promote stronger life force, vitality and clarity. Participants will also strengthen the connection to one's wiser self from the Reiki I training.

We will meet for a full day of training, and then later, participants will meet one-on-one with Andrea-Marie Stark for a private practice session. 6 weeks later, participants will return for the second full day of training, with a completion of practice cases. After completing the two workshops, assignments, and one individual practice session, participants will be certified as a Reiki Level II practitioner. You will be able to give reiki as well as perform cleansings. The focus of the training is to develop personal energy and power through self-healing and retrieval of one's natural vitality in order to help others.
